Bill and Bob knows that the road needs done and hopefully it will be done next year. It was on the list this year but other roads were chosen cause they were in worse shape at this time.

Tom Stukey Michaels road – ditto. Jim Warner – Ponds side Rd. – ditto

Don Stine from Roselawn Drive have issue with standing water. He would like to see if catch basins could be put in He doesn't understand that half the area was given catch basins and some have not. He talked with Phil and Bill went to look to see how the problem lies. The township looking to branch off and get this problem solved hopefully sometime this fall or next year.

CEMETERY BOARD REPORT – Bill Lagrou

Hill Cemetary is officially under the township.

Roads Report – Bill Lagrou

Recycling at Hydraulic Park is getting stuff dropped off that isn't made for that purpose. Bill is asking for a security camera put in place. Rick Geyer thinks maybe a big sign showing objects that can be put in the recycling. After much discussion we are looking to add 2 more dumpsters as well as waiting to see if they will be continuing the program. Even though this is paid for by solid waste but we are using township time to help clean up the area. Other townships have cameras and are fining people who dump illegally which could be an idea in the future but right now add 2 more dumpsters and possible sign. The township will also consider a mailer or email campaign explaining what can be put in the containers.

Arrowhead Drive resident would like another speed limit put in. May be at next meeting to discuss.

Meadowbrook Lane has spots of hydraulic fluid that was caused by Republic trash truck. Is there anything can be done to clean it up. Republic has a program that will hopefully take care of the issue. Bill will follow up with them to try to get this cleaned up.

Phil Klausz asked Bill to see if the Fire Department can put something on their sign about getting the census filled out. This helps the township and schools.
